INTRODUCTIONS

New ADs not at August Meeting, were introduced

Announcement: Gary Summerhays has stepped away as AD at Del Campo, Sharon Props has replaced him

DISCUSSION

The Fall Sport Assignors explained their function, explained some of the problems they face with their operation. There was a good exchange of ideas, situation and problems between the assignor and the Athletic Directors,

OLD BUSINESS

Two schools have outstanding League dues, Christian Brothers, and Rio Linda

A discussion about how announcers at football games should operate. Athletic Directors were referred to the Announcer Guide lines located on the league web site and announcers were directed to read the message before each contest.

If bands are on the field during warm ups of football games, they need to be on the home side. Visitors should be afforded half a field of warm up space.

A reminder that air powered and mechanical noise makers are prohibited at all outdoor contests. The firing of cannon or blowing of loud horns is not permitted.

NEW BUSINESS

Jesuit and St. Francis will replace Cosumnes Oaks for frosh contests. Bill Kapp reported that there is a possibility that Cosumnes Oaks may reinstate their freshman programs in which case Jesuit/St. Francis would not be part of the league.

The first draft of the 2014 Football Schedule was reviewed. The rival games which were scheduled for week ten on the schedule were switched with week eight. The Athletic Directors felt that the earlier date would reduce the possibility of inclement weather and result in larger attendance.

The Athletic Directors also wanted Freshman Football games played at the site of the host school for the varsity game.

OTHER

The Commissioner reported that there was a meeting of all the sports coordinators for the new league which was well attended and very positive.

ADJOURN

Meeting adjourned at 2:13
