MINUTES

Minutes of the March meeting as posted on the League Web Site were approved as written.

OLD BUSINESS

The AD voted unanimously to have the league assess each school a supplemental charge to cover the cost of the league dinners, starting with the Winter Dinner hosted by Yuba City. Each school shall be assessed for 20 dinners for the Winter event and 25 dinners for the Spring event. If schools exceed the target number they will be assessed for each dinner over, if they don't reach the target number they will not be reimbursed.

The working number for dinner and drinks will be \$15.00 per dinner. To exceed that figure schools will need to get approval from the league.

JV Classification is being used sparingly in some sports. Inderkum football is the only school to report a lot of juniors on the JV team. There are no freshmen, as league policy dictates, playing on freshman teams.

Athletic Directors were reminded to have announcers read the league sportsmanship announcement prior to each football game. Announcers were encouraged to read and abide by the league policy for public address announcers.

The athletic Directors suggested a modification to the current League Admission Policy. Under Other Sports, they want a \$1.00 increase from \$4.00 to \$5.00. The commissioner will conduct an email vote of the Athletic Board so this policy can be implemented in time for league play this fall.

The League Pass Policy was discussed. AD's voted to discontinue the practice of honoring district IDs and to only accept CIF, NCOA and League Passes.

NEW BUSINESS

The Google Page Workshop scheduled was postponed because the wi-fi system at Teal Bend did not function properly.
